*Learning More About Canada's Plan for the Long-Term Management of Used Nuclear Fuel*

### Project Manager Report: October

Being new to this position I'm excited to grow and help the community learn more about the possibility of the DGR.

Early in the month I was invited to attend a dry storage tour in Toronto. Nine other members of the community attended and we learned more and got the opportunity to ask questions along the way. It was very informative experience.

I have been in contact with John Fraser regarding a briefing program for all three Project Managers in the three Superior North Communities. It will give the opportunity to us to meet with NWMO staff and discuss the learn more program in greater detail. The session is to be held on November 30<sup>th</sup> and he will be confirming the travel and agenda items when John is in the community this October.

I attended a CNSC meeting in White River in mid-October where I was educated on what the CNSC does and how the licensing process is handled.

I have been busy all month preparing the expense sheets for the participants of the dry storage tour. Once they were submitted they needed to be summarized. They were submitted this week completed.

4. Acceptance of Project Managers Monthly Report of October
  - a. Be it resolved that the Project Managers Monthly Report of October be accepted.
    - i. Moved by Yves Vaillancourt
    - ii. Seconded by Cheryl Brown
    - i. Carried
5. Nwmo's John Fraser reports to committee on recent activity.
  - a. There are 9 communities being considered for the project. Aerial surveys were completed as of October 4<sup>th</sup> and they have identified 11 areas that could be suitable for the project, only 8 of those areas are going to be considered for Walking the Land at this time until communities notified.
  - b. Aboriginal Engagement Update: Held an open house at Constance Lake with the Transportation Exhibit. Arthur Moore former Chief was in attendance at the open house. Arthur Moore is expected to attend regular meetings of CLC in the area.
  - c. To touch on project managers' report, another dry storage tour would like to be organized with 6 or more participants-open invitation.
  - d. Northern Superior communities now all have CLC administrators.

# Hornepayne

## Nuclear Waste Community Liaison Committee

*Learning More About Canada's Plan for the Long-Term Management of Used Nuclear Fuel*

- i. White River-Devan Rogers
    - ii. Hornepayne-Amber-Starr Boissoneau
    - iii. Manitouwadge-Karen Robinson
  - e. Municipal funding update: Phase 2 funding for the next 12 months for capacity building
    - i. How the community views their future
    - ii. Sustainability study to be done in conjunction with the HEDC and Willy Liebigt
- 6. Nwmo's Mike Krizanc gives presentation on Updated Planning Documents
  - a. Where we are-Phase 2
    - i. Completed-Airborne Geological Surveys
    - ii. Whats next to be completed-Observing Geological Surveys
  - b. New Materials to Support Learning
    - i. Implementation Plan 2016-2020 (Draft)-next four year plans-we have 8 objectives as follows:
      - 1. Build sustainable relationships
      - 2. Preliminary assessments of site suitability for DGR-planning assumptions for 2022-2023 to secure willing host site
        - a. Approx. \$200 million investment to make sure the right area is chosen.
        - b. Gradual expansion of employment locally. Looking to invest in training and education to begin in 2016 locally.
      - 3. Conduct testing-be sure to meet safety requirements and can be produced efficiently and effectively in regards to the reactors.
      - 4. Improve technical knowledge with universities and international partners
      - 5. Advance planning of construction and operation of the DGR
        - a. Seek to maximize local employment in the project with skills, training, and business development on site with centre of expertise.
        - b. Build on staffing presence in community
        - c. Seek local contracts for project work
      - 6. Establish safe transportation routes.
      - 7. Ensure funds are available for safe long term management
      - 8. Maintain accountability to Canadians on conduct of the NWMO
    - ii. Updated project description
      - 1. Used nuclear fuel
      - 2. Canadas Plan

3. Facility descriptions
    4. Repository phases
    5. Regulatory oversight
    6. Project economics
  - iii. New backgrounders (more visual)
    1. Complete-copies in office and in community-“Multi-barrier system”
    2. Complete-copies in office and in community-“Programs around the World for Managing Used Nuclear Fuel”
    3. In progress-“Initial Borehole Drilling and Testing”
    4. In progress-“Economic Modelling”
    5. In progress-“Centre of Expertise”
  - iv. Proceeding forward
    1. Sharing aerial findings as they become available.
    2. Detailed walking the land reports to be completed.
    3. Centre of expertise.
    4. Project economics.
7. Expert speaker program to compile a list of potential presenters.
  - a. Project manager to contact Julie Mecke from CNSC for a possible open house in 2016
  - b. Look to invite and engage community for presentations
  - c. Someone to be considered who could be able to prepare the community.
8. Questions:
  - a. Cindy Craig-Compliments the new backgrounders as they are simple colourful and interesting to look at. More presence needed in the community. Would like to see the new backgrounder in the mail. (Julie Bryans’ also brought up the same idea for new backgrounder in the mail, during the Dry Storage Tour with members of the community and Project Manager at the beginning of October) Julie Bryan talked to the post office and it would be approximately \$95. Can we proceed with this?
    - i. Be it resolved that the NWCLC will be distributing new backgrounders in the mail the Friday before monthly meetings containing date of the next meeting and contact CFNO for radio advertisement.
    - ii. Moved by Cheryl Browne
    - iii. Seconded by Julie Bryan
      - i. Carried
  - b. Morley-What is envisioned for local hiring?
    - i. John Frazer-Would like to if possible hire local and support community training and skills programs. Would like to utilize locals for walking the land.

- c. Amber-What jobs would be available for locals? Such as the lumber mill or construction companies.
    - i. John Fraser-Will utilize all locals we can with the support and training from centre of expertise program.
  - d. Karl-When will you be walking the land?
    - i. John Fraser-Walking the land will commence after spring when the snow is gone. It would be a good opportunity to allow young people to train and spark young interests.
  - e. Willy-Suggests community chairs be set up differently for better audio of the meeting.
  - f. Jon-Community presence at the curling rink to be considered for annual advertisement with the municipality.
  - g. Cindy-Special presentations are interesting and informative and would like it to be considered for videotaping and presented on the CLC website.
  - h. Willy-Suggests advertising on CFNO to increase attendance.
9. JackFish Journal Christmas Advertisement-creates more presence.
- a. Be it resolved that the committee accepts to run a full page advertisement in the Jackfish journal Christmas Edition.
    - i. Moved by Cheryl Browne
    - ii. Seconded by Julie Bryan
- i. Carried
10. Next meeting of November 25<sup>th</sup> 2015, is confirmed.
11. Meeting schedule for 2015 confirmed with changes to February date of the 23<sup>rd</sup> to the 25<sup>th</sup>. Cancelled August and December meeting for 2016
- a. Be it resolved that the 2016 schedule be accepted and meetings of August and December be cancelled.
    - i. Moved by Cindy Craig
    - ii. Seconded by Morley Forster
- i. Carried
